

Alex Brewer for English Council

Dear friend,

Please vote for me to represent you in South Central region on the English Council.

I believe the Parliamentary Party and our elected internal officers should work closely together to ensure:

- The Party is fit for the next general election
- A diverse range of candidates is supported to stand
- Local parties choose local candidates
- Diversity is fostered at all party levels in all areas
- Our Parliamentary candidates are selected as early as possible
- The Liberal Democrats are fit for the future, being both professional and agile.

Having stood in a seat thought to be unwinnable by many, I know the value of setting the bar high

I am unfailingly optimistic about our prospects in the coming years and believe we can work together to make this party the natural choice for anyone opposed to Farage and Reform.

Useful things to know...

I'm great at bringing people together by focusing on our shared values

With experience in charity, business and our local party, I know how to scale an organisation

I understand governance, having been a school governor and run a charity

Please vote #1 Alex Brewer MP
