

# Vote for ALISON JENNER for English Council

## Why I am standing

I am currently a member of English Council Executive. Some former English Council members were irregular in their attendance. I have been a diligent and conscientious attender since becoming a South Central region representative.

The current Council has been a huge improvement on the previous version. The new Chair has set a good example of managing a committee. The administration is now professionally run. But there is more to be done.

Members of EC should:

- Be scrupulous in attendance; transparent and accessible to local members.
- Promote free expression and respectful debate in the true liberal tradition.
- Exercise impeccable judgement.
- Take important decisions on governance, candidacy, training, co-ordination of local parties, according to the needs of local parties and the region.
- Be elected every two years, half the members being elected each time.

## Vote for Alison Jenner

- A dedicated party member, having joined the Liberal party in 1979 in Nottinghamshire and become a parish councillor there in 1983.
- While a Vale of White Horse district councillor 2019-23 I was Chair of the Licensing Committee and a member of the Climate Emergency, and Joint Scrutiny, Committees.
- I have been a parish councillor in Oxfordshire since 2015.
- I understand what good governance looks like, having been a trustee of a number of charitable bodies, and am currently vice-President of a local women's organisation and Board member of the County Federation.
- I understand high stakes campaigns on the ground. I was a key player in Layla's 2015 and winning 2017 & 2019 parliamentary campaign teams.
- I am committed to genuine equality and inclusion: as Vice Chair of Liberal Voice for Women, a group of LibDem members encouraging the party to engage constructively with complex equality issues.
