

# Debby Hallett

- ✓ Member of English Council 2025.
- ✓ Member of Vale of White Horse DC for 14y in various roles: Scrutiny Chair, Leader of Opposition, Deputy Leader of Council, Cabinet member with responsibility for governance, elections, constitution management, policy and inter-council strategies for collaboration.

✓ I know change is necessary for progress. In order for me to support a change to the status quo, I need to satisfy myself that the proposal has been thoroughly assessed, planned and costed. The benefits must demonstrably outweigh any harm. This Party's efforts too often feel rushed, and not considered carefully. I am willing to ask awkward questions, and I am willing to vote 'No' when that's the right thing to do.

✓ I'm a strategic problem solver. I work to leave things a little better than how I found them.

✓ My post graduate education was in adult developmental psychology. My career was in IT, mainly designing database solutions to support business needs.

✓ English Council is one of the places ordinary party members who've retired from elected positions can make a difference. Please vote for me.
