Campaigning for YOU on English Council

As our regional Campaigns chair, I need English Council to support us **winning more elections at all levels**, developing our strength in weaker areas and filling gaps left elsewhere in the organisation, such as in **fighting Mayoral elections**. It is an important link between grassroots activists and the party leadership.

Unfortunately the recent history of the English Party has not been happy. It is important that we stay focused on what unites us, **stay inclusive** and not allow EC to descend into internal division.

I will prioritise **supporting campaign volunteers**, including the **unsung heroes** involved in training and candidate processes. I led the **building of the team** that won Bicester & Woodstock. In May I won a seat on Oxfordshire County Council that had only ever been won by the Tories before. I also oversaw our best ever set of results in

Labour-facing Banbury.

As a local party officer and the chair of our county council group, listening and representing members, standing up to the leadership when necessary, is what I have a 30-year track record of doing. Please give me your first preference so I can continue to do that.

My Priorities

- ✓ **Meetings that are meaningful and constructive**
- ✓ **A voice for our volunteers** - ensuring resources are focused on supporting our members and getting things done
- ✓ **Turning up and doing the work....**
