**BACK A MAYORAL CANDIDATE WHO
WILL TAKE THE FIGHT TO REFORM!**

THE CHOICE IS CLEAR:

The Hampshire & Solent Mayoral Election will be a three-way fight between us, the Conservatives, and Reform UK.

To win, we need a candidate who cuts through – someone who listens, connects, and takes the fight to Reform and the Tories without losing sight of what makes us different.

I've spent my time in politics standing up for communities that others overlook, challenging those in power when they stop listening, and winning in places they said we couldn't.

If I'm your candidate, I'll run a grassroots, people-powered campaign that speaks to every corner of our region – from our biggest cities to our smallest villages – and shows we're determined to get a fair deal for every community.
